About Driver Notes:

- ☐ This driver contains code written by Cinegration LLC.   Any modification to this driver without the express written permission or without the express consent by Cinegration will void all warranties, constitute a ban on all drivers released by Cinegration and potentially legal action.
- ☐ This driver has been designed to work with Control4 2.9.1 and higher Control4 systems.

Warranty:

Cinegration strives to provide fully working drivers without defects.   However, changes and bugs may be found.   Because of this, any bug/maintenance update to this driver will be free of charge. However, due to the ever-changing nature of computer and audio/video systems, if a new version of the Control4® software creates issues with this driver, or feature enhancements, an upgrade version will be provided for an additional expense or free as determined by Cinegration.
